With over 40 projects for natural decorations and crafts, and 70 recipes, this book is full of creative ideas for those who enjoy a simpler, more satisfying way of life in tune with

the rhythm of the seasons. It includes recipes for mouth-watering country fare using the traditional techniques of baking, pickling and preserving. There are also instructions on how to create simple hand creams, bath oils and body scrubs based on traditional recipes, and make natural furniture polish or dried flower arrangements for your home. Celebrate the seasons with Easter Simnel cake and winter mulled wine. All the projects are illustrated step-by-step to help you follow the progress of the year.
