Book Description No home ever has enough storage space, making this entry in Taunton's DIY series a timely one. This book provides storage solutions for every room in the house, including heavy-duty garage shelves, closet organizers, and bookcases and emphasizes fresh ideas and projects that are low in cost but high in impact, with style and design that call to mind Pottery Barn or Crate and Barrel. Plenty of design options (upgraded materials or different dimensions) are offered so that DIYers can customize projects to fit room requirements and step-by-step photos cover every aspect of the job.
