Ben Stein brings you 35 easy-to-follow steps to destroy your love life. The essays in this humorous book include "Always remember You Come First in Every Relationship" and "No matter How Many Problems Your Lover Has, Marry Him or Her Anyway". This book should make you laugh out loud as well as give you the chance to honestly assess how many of these relationship-killers you (and your lover) are currently engaged in. Learn from this book and do the opposite right now.
