No matter how many church signs you've driven past, you've never seen one like this. Rev. Molin is a colorful pastor in a small Minnesota town who attracts 8,500 cars per day past his church just to see his latest sign. The title of the book/DVD comes from one of the messages he displayed. Now, you can enjoy the best of "The Church Sign Guy" in two ways. The book features 120 of the most popular signs (most humorous) and the light-hearted, short DVD tells the story behind the signs.
