Orchiee Fairchild the Third is an exorcist who hops through the land on his pogo-stick purging demonic powers with his living marionette companion, Doodoo. Orchiee's travels bring him to Kingsgoie Lanzbarg University where he meets the beautiful student Philip Gillson, who employs him for a spiritual cleansing. A love affair brews between the two just as strange events start happening at the University. A dark force is raping and brainwashing the male students. It's up to Orchiee and Doodoo to put a stop to it.
