Fifth in a series of award-winning humor books from Travelers' Tales, Hyenas Laughed at Me and Now I Know Why gathers wide-ranging tales from hardy, hilarious, outrageous — and even reluctant — voyagers. For armchair travelers and globetrotters alike, these stories of laugh-out-loud adventures and misadventures from around the world show how ghastly faux pas, missed connections, god-awful meals, and dumb (bad) luck can provide plenty of fodder for the amusement of others. Contributors include Dave Barry, Calvin Trillin, Doug Lansky, Anne Lamott, and Elliott Hester.
