She's back -- with hundreds of impossible, uncomfortable and frequently physically painful ideas to turn a perfectly lovely wedding into a perfectly controlled disaster. Observe from the safety of your living room as Martha demands, insists, berates, accuses, but, above all, controls everything and everyone in sight. This final (we

promise) installment of the Martha Stuart parody trilogy confidently answers the question "Isn't everything sacred?" with a well-aimed kick to the shins! By the authors of the perennial bestsellers Is Martha Stuart Living? and Martha Stuart's Better Than You at Entertaining .
