Heard any good jokes lately? Jim Pietsch, a real New York City cabbie, has heard them all -- from business-people, unemployed laborers, Wall Street lawyers, prostitutes, writers, tourists, drug dealers and lovers...all from the back seat of his cab as he makes his way around New York City. In this follow-up to the widely successful New York City Cab Driver's Joke Book, Jim Pietsch has put together another riotously funny collection of more than 400 jokes that is sure to have everyone laughing.
