From the Naked Chef and the Naked Romantic to Random Acts of Nakedness, this simple guide to doing everyday tasks in the nude will appeal to every birthday-suit enthusiast. As readers learn tips and techniques and look at photo collages of such activities as Naked Shadow Puppeteering, Naked Cleaning Your Hunting Gun, Naked Texas Hold 'em, Naked Tax Evasion, and Naked Ordering Take-Out, they will howl with laughter not only at the pictures, but also at themselves. The featured Naked Guy is an average Joe whose ability to be comfortable in his own skin contributes enormously to the humorous tone of the book, and reminds readers not to take their bodies too seriously. Any reader who has ever done something silly will easily laugh at Naked Guy doing everyday activities in the nude.
