著者:Mason, Jackie

出版者:St Martins Pr

出版时间:1991-11

装帧:Pap

isbn:9780312072360

Jackie Mason has built his Tony Award-winning career out of the culture and language of Jewish people, so who better to instruct the unindoctrinated in the joys of Yiddish? "How to Talk Jewish," a guide to 100 Yiddish words, phrases, and expressions, includes pronunciations, definitions, and examples of usage, along with Jackie's incomparable wit. Is your blind date "haimish"? Uh oh. A "zhlub," worse. A doctor? The "naches" are almost inexpressible Jackie Mason brings all the vivacity, spunk, and "chutzpah" of Yiddish to the tongues of the less fortunate. Don't be a "meshugenner," buy it already
