著者:Notley, Stephen

出版者:Independent Pub Group

出版时间:

装帧:Pap

isbn:9781892391346

Combining politics, surrealism, and pop-culture hilarity, Bob the Angry Flower is an edgy, trenchantly political, and achingly funny comic-strip character. Whether he's building killer robots, running for Pope, or getting creamed at 20 Questions, Bob is locked, loaded, and ready to destroy the earth--unless there's something good on TV. This collection of syndicated comic classics, the first to be published in the United

States, is unpredictable, original, and wholly outrageous--perfect for disaffected teenagers, jaded grown-ups, disgruntled geeks, and Peter Pans of all ages.
