著者:Schatz, Howard

出版者:Little Brown & Co

出版时间:2005-10

装帧:HRD

isbn:9780821261736

From the exotic - angel's trumpets, passion flowers and pincushions - to the familiar - lillies, roses and begonias - the flowers Schatz photographs have never looked quite like this before, and yet it is their natural beauty that shines through every page of this sumptuous volume. Annotations at the back of the book, accompanied by miniature reproductions of the full-page plates, identify each variety and provide both common and Latin names. Schatz's unique presentation and photographic style make this a compelling gift for both flower lovers and connoisseurs of fine photography.
