

# One Time, One Place

[One Time, One Place 下载链接1](#)

著者:Eudora Welty

出版者:University Press of Mississippi

出版时间:1996-5-1

装帧:Hardcover

isbn:9780878058662

Throughout her writing career Eudora Welty's camera was a close companion. She is among the very few authors who are acclaimed for their work in both literature and photography. The 100 duotone pictures in this volume are selections from the many she took during the Great Depression as she traveled in her home state of Mississippi while she was working for the WPA.
