isbn:9781584280415

Nikon cameras demonstrate some of the highest quality optical and machine work in the world. In this step-by-step manual, Nikon owners will discover how to disassemble, maintain, clean, repair, and restore camera bodies, including rangefinders, mechanical

SLRs, electronic SLRs, and underwater cameras. Also included is information needed to clean, repair, and restore lenses and photographic accessories. Each model is discussed individually and accompanied by illustrative photos and detailed instructions. Lists of basic skills, precautions, and tools necessary to complete repairs are also provided.
