Take an unparalleled photographic journey through the Hamptons. The best-known residents of this exclusive cluster of towns open their personal albums and invite you to see the Hamptons - their way. Calvin Klein, Julian Schnabel, Patrick Demarchelier and Peter Beard are just a few of the people who share their visions of one of the most unusual getaway spots in the country. More than a playground for the rich and famous, the Hamptons has an incredibly diverse community. Fisherman and year-round locals have coexisted for more than a century with artists, writers and actors, making this small piece of Long Island so alluring. Combining photo archives and beautiful shots from famous vacationers, *In The Spirit Of The Hamptons* captures the past and present, the mix of culture, stunning beaches, exclusive homes, day-to-day small-town life and the people who have made the Hamptons such a unique place.
