Rebuild is a collection of photo essays and articles by students who participated in a journalism workshop in Kosovo. With guidance by Associated Press Special Correspondent Mort Rosenblum and Gary Knight, a renowned photojournalist from VII Photo Agency and author of Evidence: The Case Against Milosevic (de.MO), students documented various issues facing a country coping with the repercussions of war. From photo essays on orphans enjoying themselves at a summer camp and religious cooperation between Albanian Muslims and Orthodox Serbs, to reportage on fashion designers and Gypsy minorities, Rebuild explores facets of Kosovo that have gone

unexamined six years after the war.
