著者:Walden, Scott 编

出版者:Blackwell Pub

出版时间:2008-3

装帧:HRD

isbn:9781405139243

This anthology offers a fresh approach to the philosophical aspects of photography. The essays, written by contemporary philosophers in a thorough and engaging manner, explore the far-reaching ethical dimensions of photography as it is used today. A first-of-its-kind anthology exploring the link between the art of photography and the theoretical questions it raises. Written in a thorough and engaging manner. Essayists are all contemporary philosophers who bring with them an exceptional understanding of the broader metaphysical issues pertaining to photography. Takes a fresh look at some familiar issues - photographic truth, objectivity, and realism. Introduces newer issues such as the ethical use of photography or the effect of digital-imaging technology on how we appreciate images.
