出版时间:2007-05-15

装帧:Hardcover

isbn:9783936709278

Inspired by the pulp comic books of his youth, legendary photographer&provocateur Fred Berger has compiled a body of work which fetishizes this vintage all-American genre to the point of orgasmic overload. Tales of the Wild West, of close-quarter combat, of cops and gangsters, pirates, super heroes and super villains – this is the stuff of PULP FETISH.
