装帧:Hardcover

isbn:9783861878575

The British erotic website menatplay.com has totally dedicated themselves to the suit fetish. This illustrated book is waiting for you with glamorous solo portraits and hot pair scenes. These pinstripes aren't studious bankers. Instead we are treated to real office studs - masculine and always well endowed! They stand there so seductive and sexy and, as in real life, the name of the game is dominance and submission. Three cheers for the pecking order!
