More than a million copies sold worldwide--newly expanded and revised

This classic guide to 35mm photography tells you everything you need to know to take great pictures.

A comprehensive and easy-to-understand resource, The New 35MM Photographer's Handbook walks you through the basics of photography, including selecting the right camera for your needs, using filters and fills, choosing the right lens for a specific shot, and approaching a wide range of specialty photography.

And it doesn't just stop with the basics -- it brings you right up to date with the most advanced and cutting edge photographic technologies to help you move your craft to the next level. With thorough step-by-step explanations of the Advantix System, electronic cameras, E-6 film, dry darkroom techniques, and more, The New 35MM Photographer's Handbook is the rarest of guidebooks: a valuable tool for the beginner and a valued reference for the seasoned professional.
