# Photoshop 7.0 A-Z

[Photoshop 7.0 A-Z_下载链接1_](#)

著者:Bargh, Peter

出版者:Butterworth-Heinemann

出版时间:2002-10

装帧:Pap

isbn:9780240519128

This quick, easy reference text to Photoshop tools, menus and features is a must-have purchase for all Photoshop users: students, professionals and amateurs. It is one of a kind - giving an easily accessible visual guide to all those vital Photoshop terms. Keep it

next to your computer screen as a constant reference, ready to save you hours of frustration when the meaning of that term or specific word is on the tip of your tongue. Updated to cover the latest features from Photoshop 7.0, this new edition includes many more colour images and step-by-step examples to make this an even more comprehensive guide. Its full colour images provide numerous examples which show you exactly what to expect and full details on how to achieve it. Still deciding if it's worth upgrading to Photoshop 7.0? Pete Bargh provides a unique cross-reference chart showing the different features added in each Photoshop update to help make that decision. The extra appendices also include comprehensive visual listings of Photoshop fonts, useful shortcuts, Photoshop related Web sites and record data sheets that you can use to record your own techniques that work well so you can benefit from them again and again. This is a must have reference for every Photoshop user. You can save time with this easy A-Z guide to Photoshop, covering all versions from 3.0 to 7.0. You can get up to date with all the latest 7.0 version features. It includes full colour images for easy guidance and are used throughout.
