著者:James Freund

出版者:Fordham University Press

出版时间:2004-9-10

装帧:Paperback

isbn:9780823223978

The acclaimed photographer who celebrated the beauty of Central Park in his last book now takes his camera to the streets of Manhattan. In more than 200 color and black and white photographs, Jim Freund moves uptown and down to catch the dazzling contrasts that make New York so unique. From sidewalk artists to skyscrapers, from the lights and shadows across historic Trinity Church to the passing parades in

Times Square, Freund brings the streets to life-in a dazzling collection of fresh, provocative images of people and places. Here are breathtaking cityscapes taken from the top of some of the world's tallest buildings and candid, intimate shots of New York's people in all their extraordinary diversity. Here are the colors, patterns, and pulse of the city-and some brand-new ways of looking at it all. Plus: there's clear, expert advice for even novice photographers on how to achieve the impact and artistry that make Jim Freund's photographs so memorable. For natives and visitors alike, Slices of the Big Apple is an unforgettable album of memories that could only happen in New York.
