Michigan's Sleeping Bear dunes---a national park---is a magical place for all who visit. "Seasons of Sleeping Bear" renders the magic of the dunes with its stunning color photographs from all four seasons. Memorable and spectacular views of Lake Michigan

are shown from the Ghost Forest, the Bluffs of Empire, Alligator Hill, Pyramid Point, the Manitou islands, and the lighthouses. There's even a close-up portrait of the shipwreck off the Manitous. A must-have for visitors to our national parks as well as fans of northern Michigan.
