Packed with practical tips and real-world examples of the skills needed to shoot outstanding black and white nude and beauty photographs, this is a comprehensive

manual for photographers of all levels. Technical analyses of over 60 portraits are provided, enabling photographers to learn, duplicate, and adapt each of the techniques. Special emphasis is placed on evaluating and adjusting for perfect lighting, choosing settings, and selecting props and poses that convey a particular mood. Also stressed is the importance of building and maintaining a positive, productive relationship between photographer and model.
