Princess Puut - a Glamour Gal who's lost her grip - is the fantastically wicked, witty, and fun-loving brainchild of Emmy Awardwinning production designer, Scott Chambliss. Reeling from the stunning blow that she's been thrown off the television cablewaves, ultra-glamorous Princess Puut - the former Maahvelous Infomercial Superstar and current Wandering Has-Been - one night has a peculiar dream. As a result, she enlists the company and comfort of Dali, her smart, sexy confidant, on a journey of scandal, style, and self-discovery that plops them in the heart of romantic, implausible Venice, Italy - minus the smell.
