isbn:9780073048499

In 1963, the first edition of "Legal and Regulatory Environment of Business", authored

by Bob Corley, started a new course emphasizing the legal environment in which business is conducted. By focusing on the public nature of how government regulates business activities, rather than simply how businesses privately make transactions, a movement away from traditional Business Law began. Through it's previous 13 editions, "Legal and Regulatory Environment of Business" has been the leader in setting the standard for materials covered in an introduction to the legal and regulatory environment of business.
