isbn:9780199202737

The Yearbook of International Environmental Law has established itself as a vital source of information and analysis in an increasingly important legal field. The contributors for this volume are drawn from leading figures around the world who, together with the expert team of editors, have created the best source of information on world-wide events in this field. The article section contains top-quality essays on topical subjects; the year-in-review section offers a round-up of legal developments in every part of the world.
