This textbook is a proven introduction for students on a range of courses who need to get to grips with law for the first time. The author tackles this daunting subject in a no-nonsense way, with a particular emphasis on preparing for exams. It covers the syllabus requirements of the Association of Accounting Technicians (AAT), the Institute of Legal Executives (ILEX) and the Institute of Credit Management (ICM). It is also suitable for the GNVQ Business Law option, undergraduate business and business-related courses such as accounting, and professional courses such as those offered by the ACCA, CIMA, and ICSA. As well as thorough subject coverage it includes specialised areas such as Health and Safety Law, Intellectual Property, Employment Law, Bankruptcy and Meetings, along with chapters on Learning Methods and Examination Techniques.
