This is the ultimate guide to international maritime boundaries. Its unique practical features include - systematic examination of all international maritime boundaries worldwide; - comprehensive coverage, including the text of every modern boundary agreement; - descriptions of judicially-established boundaries; - maps and detailed analyses of those boundaries; - expert papers examining the status of maritime boundary delimitations in each of the ten regions of the world; - papers from a global perspective analyzing key issues in maritime boundary theory and practice; and - a cumulative index for volumes I - V. These features make "International Maritime Boundaries" an unmatched comprehensive, accessible resource in the field.
