装帧:Paperback

isbn:9780143037828

Sixty years ago, the United States and Great Britain spearheaded efforts to create a new world order based on international rules. Today these same two nations are leading the charge to abandon many of the global safeguards they once fought to establish. Crisp, impassioned, and hard-hitting, Lawless World is an exposé and an indictment of a catastrophic realignment of the laws that govern international affairs, the book that broke the stories on the "Downing Street memo" and the "White House meeting memo." It is also a vivid and human account of the reckless way America has reneged on its very founding documents—and a call for us to recognize the role we should be playing to reassert the rule of law, and with it a stable, secure world.
