isbn:9780314239402

Expert authors overview health law as it affects the professionals, institutions, and entities that deliver and finance health care in the United States. Considers the law's response to quality and error through institutional and professional regulation, and malpractice litigation against professionals, hospitals, and managed care organizations. Surveys tax, corporate, and organizational issues. Explores the government's efforts to control costs and expand access through Medicare and Medicaid. Examines government attempts to police anticompetitive activities, fraud, and abuse. And considers the legal and ethical issues involving death, human reproduction, medical treatment decision making, and medical research. Features

Detailed coverage of Employee Retirement Income Security Act (ERISA)

Hardbound, one-volume book

Summarizes basic principles of health law

Supplement to classroom materials
