著者:Nwanna, Gladson I.

出版者:Lightning Source Inc

出版时间:

装帧:Pap

isbn:9781890605407

This book provides information on hundreds of potential tax deductions that are available to small business that are required to file federal income taxes. For each deduction mentioned, the book also lists the various tax schedules and forms to use, as well as the line to claim the deductions. References and sources for additional information are also provided for each deduction.
