出版时间:2006-1-6

装帧:Hardcover

isbn:9780766840140

A complete, yet concise study of constitutional law, this book features authors narratives to describe and explain key concepts of the law, and illustrates them with well-prepared cases. The use of graphs, illustrations, review questions, and extensive appendices highlight focal points, facilitate comprehension, and offer helpful references. Unlike difficult-to-read law texts, this book effectively presents constitutional law in a reader-friendly format.
