The world's only annual publication devoted to the study of the laws of armed conflict, the Yearbook of International Humanitarian Law provides a truly international forum for high-quality, peer-reviewed academic articles focusing on this highly-topical branch of international law. The Yearbook also includes a selection of documents from the reporting period, many of which are not accessible elsewhere and a comprehensive bibliography of all recent publications in humanitarian law and other relevant fields. Ease of use of the Yearbook is guaranteed by the inclusion of a detailed index. Distinguished by its topicality and contemporary relevance, the Yearbook of International Humanitarian Law bridges the gap between theory and practice and serves as a useful reference tool for scholars, practitioners, military personnel, civil servants, diplomats, human rights workers and students.
