著者:Jean-Michel Quinodoz

出版者:Routledge

出版时间:2005-09-22

装帧:Paperback

isbn:9781583917473

Winner of the 2010 Sigourney Award! Reading Freud provides an accessible outline of the whole of Freud's work from Studies in Hysteria through to An Outline of Psycho-Analysis. It succeeds in expressing even the most complex of Freud's theories in clear and simple language whilst avoiding over-simplification. Each chapter concentrates on an individual text and includes valuable background information, relevant biographical and historical details, descriptions of Post-Freudian developments and a chronology of Freud's concepts. By putting each text into the context of Freud's life and work as a whole, Jean-Michel Quinodoz manages to produce an overview which is chronological, correlative and interactive. Texts discussed include: The Interpretation of Dreams The 'Uncanny' Civilisation and its Discontents' The clear presentation, with regular summaries of the ideas raised, encourages the reader to fully engage with the texts presented and gain a thorough understanding of each text in the context of its background and impact on the development of psychoanalysis. Drawing on his extensive experience as a clinician and a teacher of psychoanalysis, Jean-Michel Quinodoz has produced a uniquely comprehensive presentation of Freud's work which will be of great value to anyone studying Freud and Psychoanalysis.

评论

i hate the paper material.
很简略的介绍。不过按paper分篇介绍还是不错的，重要的点都有提到，也有后续发展的理论。就是纸质真的好讨厌啊highlight起来一塌糊涂。

推：把这本书放在24本SE后面，前面这些书的基本理解就没什么问题了
