Citadel Press is proud to announce the newest titles in the Wisdom Library, a collection of books showcasing the thoughts and writings of diverse literary, philosophical, political, and scientific immortals. These books deserve a place on every home bookshelf and in every student's basic library. The "father of psychoanalysis" revolutionized both the conceptualization of human psychology, the understanding of its development, and treatment therapies for abnormal mental conditions. In this handy A -- Z reference, his key terms and concepts are clearly defined and explained in

Freud's own words.
