Since its publication by Sierra Club Books nearly two decades ago, *The River Why* has become a classic, standing with Norman Maclean's *A River Runs Through It* as the most-read fiction about fly-fishing of our era. Duncan's protagonist, Gus Orviston, is an irreverent young flyfisherman--a vibrant character who makes us laugh easily and feel deeply, and who speaks with startling truth about the way we live. Leaving behind a madcap, fishing-obsessed family, Gus embarks on an extraordinary voyage of self-discovery along his beloved Oregon rivers. What he unexpectedly finds is man's wanton destruction of nature and a burning desire to commit himself to its preservation. *The River Why* is a tale that gives a contemporary voice to the concerns and hopes of all living things on this beautiful, watery planet. It is the story of one man's search for meaning, for love, and for a sane way to live.
