著者:Blamires, Alcuin 编

出版者:Oxford Univ Pr

出版时间:1992-9

装帧:Pap

isbn:9780198710394

This sourcebook of texts in modern translation makes accessible key anti-feminist works, together with a surprising range of early texts championing women. This book is intended for all post sixth-form levels of scholarship studying English and European medieval literature (particularly Chaucer), culture, history and women's studies.
Assisted by: Pratt, Karen; Unknown function: Marx, C. W.
