isbn:9781403985613

"Radical Children's Literature" reappraises the place of children's literature in culture, showing it to be a creative space where writers and illustrators try out new ideas - about books, society, and the possibilities for narrative in an age of instant communication and multi-media. It looks at the stories young people are given about the world and themselves, and how these interact with changing childhoods and new technologies.
