出版者:Palgrave Macmillan

出版时间:2006-10

装帧:HRD

isbn:9781403940667

This literary life of the best-loved of all the major Romantic writers uses Coleridge's own *Biographia Literaria* as its starting point and destination. The most sustained criticism and ambitious theory that had ever been attempted in English, the *Biographia* was Coleridge's major statement to an embattled literary culture in which he sought to define and defend, not just his own, but all imaginative life. This book offers a reading of Coleridge and his life in the context of that culture and the institutions that comprised it, and is a 'must-read' for any student or scholar of Coleridge.
