"Mr. Baker perceives the harlem Renaissance as a crucial moment in a movement, predating the 1920's, when Afro-Americans embraced the task of self-determination and in so doing gave forth a distinctive form of expression that still echoes in a broad spectrum of 20th-century Afro-American arts. . . . "Modernism and the Harlem Renaissance" may well become Afro-America's 'studying manual.'"--Tonya Bolden, "New York Times Book Review"
