isbn:9781403945372

"A Midsummer Night's Dream" is one of the most read and performed of Shakespeare's plays. This book provides an introductory guide to the play, offering a scene-by-scene theatrically aware commentary, contextual documents, a brief history of the text and first performances, case studies of three or four key performances and productions, a survey of film and TV adaptation, and wide sampling of critical opinion and annotated further reading.
