isbn:9780801886508

In the first edition of Women in Greek Myth, Mary R. Lefkowitz convincingly challenged narrow, ideological interpretations of the roles of female characters in Greek mythology. Where some scholars saw the Amazons as the last remnant of a forgotten matriarchy, Clytemnestra as a frustrated individualist, and Antigone as an oppressed revolutionary, Lefkowitz argued that such views were justified neither by the myths themselves nor by the relevant documentary evidence. Concentrating on those aspects of women's experience most often misunderstood -- life apart from men, marriage, influence in politics, self-sacrifice and martyrdom, and misogyny -- she presented a far less negative account of the role of Greek women, both ordinary and extraordinary, as manifested in the central works of Greek literature. This updated and expanded edition includes six new chapters on such topics as heroic women in Greek epic, seduction and rape in Greek myth, and the parts played by women in ancient rites and festivals. Revisiting the original chapters as well to incorporate two decades of more recent scholarship, Lefkowitz again shows that what Greek men both feared and valued in women was not their sexuality but their intelligence.

关注了下JD刘老板的进展..感觉领导的杀土豪有点像摊牌国库券。轻重缓急都心里有数的。有的人是顶雷的有的人是亲儿子.Richard就是dick的大名..没文化也是够倒霉的。我思考了下女性的角色..就随便看到了家里的这本书.I focused on reading the part about Greek goddesses, because I think their personalities and interactions with gods/humans provided an authentic Greek understanding of human nature!
