出版时间:2005-6-1

装帧:Hardcover

isbn:9780826414144

The Continuum Encyclopedia of Modern Criticism and Theory offers the student and scholar of literary and cultural studies the most comprehensive, single volume guide to

the history and development of modern criticism in the humanities. In a clearly organized format, this major reference work takes the reader through introductions to historically influential philosophers, literary critics, schools of thought and movements from Spinoza and Descartes to Phenomenology and Heidegger, before turning to its three principal areas of critical attention: Europe, North America and Great Britain. >
