isbn:9780763730499

This book is designed as an instructional manual that gives Institutional Review Board (IRB) members and administrators the information they need to run an efficient and effective system of protecting human research subjects, in compliance with federal research regulations. This reference provides a step-by-step approach to practical

details of IRB administration and includes case studies, sample forms, and sample policy documents, as well as decision-making algorithms and lists of approval criteria for their resolution.
