出版者:Springer Verlag

出版时间:

装帧:Pap

isbn:9781846282379

This text includes sections on anatomy, normal and abnormal physiology, investigation techniques, inflammatory conditions and treatment options. The international panel of contributors is at the forefront of research in the field; the editors have assembled these contributors and topics that span the entire range of pelvic floor disorders in women. Throughout, the emphasis is on an evidence-based approach to the treatment of pelvic floor problems. Indispensable for gynecologists and urologists.
