An updated, revised, and expanded version of Philip Garrett's book, "Guide to Ruminant Anatomy Based on the Dissection of the Goat". Providing a relevant and accurate source of information for students and professionals in veterinary medicine, this book should act as a detailed learning tool, illustrating and describing appropriate dissection techniques, and including landmarks for physical examination and nerve block anesthesia. Also included are comments regarding the clinical importance of dissected structures. Dr Constantinescu is a highly respected author, anatomist, and medical illustrator.
