出版者:Humana Pr Inc

出版时间:2007-6

装帧:HRD

isbn:9781588294531

This book focuses on putting successful molecular strategies into practice for the treatment of gynecologic cancer. It approaches research into the pathology and treatment of gynecologic oncology from both clinical and experimental perspectives. New insights made possible by the introduction of advanced technologies into the field are presented. This new volume will be necessary reading for clinicians and experimental researchers alike.
