出版时间:2000-1

装帧:HRD

isbn:9780780803831

Contains basic consumer health information about the liver, how it works, and how to keep it healthy through diet, vaccination, and other preventive care measures. The 61 chapters cover liver mechanics and maintenance, medical tests, liver distress, the effects of drugs, liver cancer, hepatitis, diseases (genetically based and others), and transplantation. Appends a glossary, a directory of organizations and support groups, and a list of liver transplant centers.
