著者:Ashdown, Raymond R.

出版者:Elsevier Science Health Science div

出版时间:1996-4

装帧:Pap

isbn:9780723426622

Take a complete look at virtually every aspect of veterinary anatomy with this comprehensive three-volume atlas, now available in paperback. Rich with full-colour photographs and drawings of dissections prepared for these texts alone, each volume ("The Dog and Cat", "The Horse", "The Ruminants") illustrates regional surface features

photographed before dissection, then gives you complementary photographs of articulated skeletons.
